

Executive Profile

Frederick Pastor, Jr.

Vice President – Construction

PSEG Power

Frederick Pastor, Jr. was elected vice president – construction of PSEG Power, in 2002. In this position he oversees the construction of generating capacity, as well as additional projects under development by the company.

Prior to coming to PSEG Mr. Pastor was vice president at the Washington Power Unit, after a 30-year career with Stone & Webster, where he held a number of construction executive positions, including president and director - construction power projects. His career included involvement and leadership in the construction of fossil and nuclear power generating stations.

Mr. Pastor graduated from Lowell Technological Institute with a bachelor's degree in mechanical engineering, and has completed specialized training and post-graduate work at Harvard, Louisiana State University, the University of New Haven, and Hofstra.

Mr. Pastor is active in the American Society of Mechanical Engineers, the Associated Maintenance Contractors, and the Construction Industry Institute.
