

**It's the same with our workforce.  
Nothing's better than homegrown.**

At PSEG, we know where the next generation of utility workers is coming from. Right here in New Jersey. We've already hired more than 80% of the graduates from the Energy Utility Technology Degree Program that we pioneered five years ago. To learn more about it, please visit us at [pseg.com/workforce](http://pseg.com/workforce).

**PSEG**

*We make things work for you.*
